

YORK
BY THE NUMBERS
YORK COLLEGE OF PENNSYLVANIA

APPLICATION ENCLOSED

YOU ARE A VERY POPULAR PERSON RIGHT NOW.

Colleges and universities are competing for your attention. Each institution wants to be selected for your higher education. Each has its own story to tell: the visions of the school, the values they instill and the programs that they offer. The red carpet is laid at your feet. Ultimately, the decision is yours. Step back, pause and consider what you really want. Look at the big picture. Is the formal education just part of the equation? Do you also want a thriving environment where you can mature as an individual and be dazzled by the discovery of all you have to offer? If that is your ambition, go by the numbers and look at York.

34 APPLICATION

Instructions to apply and admissions policy.

#1 REASON
FRESHMAN
CHOSE YORK: **SIZE.**

JUST THE RIGHT SIZE TO BRING YOU THE WORLD.

You probably have friends who tell you about the large colleges or universities they have chosen to attend. They exclaim, "It's as big as a city!" But you can also get lost in a city. You could feel like a number, rather than the living, breathing, inquisitive individual that you are.

Don't become a number.
Go by the numbers at York College.

York is a flourishing and dynamic college community of 4,200 full-time students where opportunities abound. Yes, you can easily walk the campus from end to end, yet the potential here for personal achievement goes on forever. Everything from the state-of-the-art facilities and vigorous curriculums to the hands-on instruction is focused on you. Grade point average documents how well you perform in the classroom. We're equally committed to help nurture the skills you'll need to succeed beyond the lecture hall.

41% OF YORK FRESHMEN PLAN TO OBTAIN A GRADUATE DEGREE OR HIGHER.

At York, a world of possibilities unfolds before you. You will explore your own intellect and engage in exciting collegiate activities. You'll interact with people of diverse backgrounds including students from 35 other countries. Perhaps you'll even study abroad. And through all of these experiences, you just might gain a better understanding of that person staring back at you in the mirror.
